

PRESS RELEASE

BAIT MUZNA GALLERY at ART DUBAI

16 / 20 March 2010

Visit us on Stand B26

Over the last three years Art Dubai has created a defining platform for current art practice in the Middle East, setting the business of art within a context that is intelligent, stimulating and relevant. Earlier this year, Art Dubai's third edition attracted an audience of over 14,000 visitors from across the Middle East, South Asia and beyond, including leading curators, museum directors, artists, 80 museum groups and over 300 international press.

Built for royalty decades ago in the heart of old Muscat, capital of the Sultanate of Oman, Bait Muzna Gallery remains in royal hands. The venerable history of this traditional Omani house culminates in its use to promote the art and culture of Oman and the Arab world in the twenty-first century. Bait Muzna Gallery has just celebrated its 10th anniversary. For this occasion it has been entirely renovated and is dressing up for its contemporary role.
